

P.O.D. Discipleship Commitment

As a member of this group, I commit to seeking and growing in the following:

- I will make our time together a priority and will only be absent if necessary.
- I give you a platform to ask questions about my life.
- I will make an effort to get to know you (your life, your heart, your fears, your interests)
- I commit to growing in vulnerability.
- I will let you know if you say something that hurts me or angers me. I commit to keeping a "short account" with you.
- I will believe the best in you.
- I commit to making this a safe place for you to share and ask questions. You can know with confidence that the things you share will not leave our group without permission.
- I welcome accountability and will seek to hold you accountable to this group, to the Lord, and to the things He is doing in your life.
